

TABERNACLE STRUCTURE SOON TO BE BUILT NEAR POSTOFFICE

B. H. SHADDUCK IS ON THE GROUND NOW

Advance Man Attending to Numerous Details, Getting Ground in Shape for Foundation Work

Call for Volunteer Labor to Erect Building for the Revival Will Soon be Sent Out

The tabernacle structure near the postoffice is under way, some lumber is on the grounds and B. H. Shadduck, the advance man, is busy with its numerous details. Several ministers in shirt sleeves were on hand yesterday burning brush and getting the ground in shape for the foundation work.

A call for volunteer labor will be made soon and anyone having a day to donate will be called upon to do so. It will take about a week to finish the building unless there is an unusually large force on hand. Any person wishing to assist should call up Rev. F. W. Hill, chairman of the building committee.

Mr. Shadduck appeared before the carpenter's union last Thursday and presented to them the plan for the erection of the building. They expressed a willingness to cooperate in any way that seemed necessary.

Tomorrow a number of the clergy will speak upon some subject related to the campaign and expect to kindle some enthusiasm for the cause. Mr. Shadduck will address the union meeting at the Methodist church at 3 o'clock in the afternoon and will also speak for Rev. Theodore Clemens in the Swedish Christian Bethany church, Ninth and Maple Streets South, in the evening, and at the Bethlehem Lutheran church, Seventh street South, in the morning.

There will be a platform meeting at the Presbyterian church in the evening and different speakers will give their opinion of how the churches may get the very most good out of the revival.

The music feature is to be made a great deal of by the churches in this series of united effort. Professor Wiend who has charge of the chorus is a man who has splendid powers as a director. He is counted one of the leading men of his profession. Further announcement will be made in the cooperating churches. It is hoped that a large number may be present at the union service tomorrow. A cordial welcome is extended to all.

MANY INDICTMENTS ARE IN PROSPECT

Washington, Sept. 8.—Numerous indictments for conspiracy to thwart the government's war plans and tie its hands in many ways appear to be in prospect as a result of Wednesday's nationwide raid of Industrial Workers of the World offices by department of justice agents.

Evidence is said to be fast accumulating to support the belief that a gigantic conspiracy has existed for some time past to cripple the government in carrying on the war, that its ramifications have extended into virtually every state and that numerous anti-war activities which appeared to emanate from many sources in reality had their fountain head in a single group of conspirators.

Anti-draft demonstrations, crippling of war industries by so called labor disturbances and by violence, burning of crops and continuous preaching of anti-ally sentiment with other activities intended to embarrass the government and retard the exercise of its full strength in prosecuting the war, appear, from recent disclosures, to have been included within the scope of the alleged conspiracy.

Two are Killed and 32 Injured Powder Explosion

(By United Press)
Philadelphia, Sept. 8.—Two men are reported killed and 32 injured in an explosion at the Frankford arsenal. Unofficial reports say that the explosion was caused by an accident while the powder was being pressed into a six inch shell. Five buildings were destroyed.

War Department Disturbed News Frankford Explosion
Washington, Sept. 8.—The war department is somewhat disturbed over the news of the explosion at Frankford arsenal. A vast amount of defective ammunition has been produced there and congressmen have been demanding an investigation.

Bombard Hospitals 4 Americans Killed on French Coast

(By United Press)
American Hospitals at France, Sept. 8.—Four Americans were killed when the German airmen deliberately bombed American hospitals on the French coast. The men killed were First Lieut. Fitzsimmons of Kansas City, Private Woods of St. Paul, Minn., Rudolph Rubino, Jr., of New York, and Oscar Letugo of Boston. Three first lieutenants, six privates and one nurse were wounded.

Seize Explosives [in I. W. W. Raid]

(By United Press)
Chicago, Sept. 8.—A peck of high explosives were seized by federal officers in an I. W. W. raid at Cleveland the federal attorney announces.

Peoples' Council Hold Secret Meet Will Investigate

Indianapolis, Sept. 8.—The Peoples' Council held a secret session at Anderson, Indiana, last night. Gov. Goodrich immediately started an investigation.

NO MEAT AND DAIRY PRICES

Hoover Tells Live Stock Men of Hope to Oust Speculators.

Washington, Sept. 8.—Price fixing for meat and dairy products has no place in the government's food control plans, Herbert Hoover, the food administrator, told the national live stock conference.

Not only would it be inadvisable to institute price fixing in these industries, he declared, but the food administration has been given no such power.

As long as there is a heavy demand for meat with a decreased production, Mr. Hoover said, meat prices will continue to soar. The hope of the food administration is that it can stabilize quotations and eliminate speculation.

GEN. HENRY G. SHARPE.

Quartermaster General Now Busiest Man in United States.

General Sharpe has for some time been the busiest man in the United States. As quartermaster of the army he has to supply everything needed, not only for the regulars here and abroad, but for the federalized guard and the new national army. He has been in office just a year and has done remarkable work in that time.

Casualties to be Put at Head of Mail and Cablegrams

(By United Press)
Washington, Sept. 8.—Gen. Pershing has been ordered to put all casualties at the head of all mail and cablegrams sent here.

Chicago Airman Killed in Action

(By United Press)
Paris, Sept. 8.—Corporal Buckley, a Chicago airman, was killed in an air fight.

Full Suffrage for a Germany Rid of Hohenzolleranism or War to the End

(By United Press)
(Copyright by United Press, 1917.)

Washington, Sept. 8.—Full suffrage for a Germany rid of Hohenzolleranism, with the full right of the people of disputed territory to speak for their own future, the restitution and restoration of those countries trod under foot during the war, means peace. And nothing short of this can terminate the war.

The United Press obtained the above semi-official interpretation of the administration's attitude which is vouched for by the highest authorities.

The acceptability of Germany's internal reforms will not depend entirely upon the decision of the United States, England or France but must be such as the other peoples of the world would be justified in accepting.

This is most important, and means that the United States believes the allies and the rest of the world should sit in judgment on Germany's internal reforms. Alsace-Lorraine, Bosnia, Herzegovina and Schleswig-Holstein should be given a right to express themselves on the question as to whether they shall remain under the military heel of the Germanic powers or return to the mother countries of France, Denmark and Serbia, set up autonomous governments or attach themselves to other powers.

Bosnia-Herzegovina is understood to desire the proposed Jugo-Slav state, the nucleus being Serbia and Montenegro. Also Dalmatia, Fiume, Istria, Trieste and Gorizia, upon which Italy has designs, desire entrance to this state.

The official view here is that they should be allowed to determine their respective fates, and anything short of this means war to the end.

Will Investigate

(By United Press)
Washington, Sept. 8.—Congress will investigate the matter of defective munitions sent to General Pershing.

M. SKOULIDIS.

Former Greek Premier Accused as Pro-German.

American Troops Not to Get Into Battle Very Soon

(By United Press)
Headquarters American Army in France, Sept. 8.—America's first contingent of troops are not to get into the battle line very soon, as a vast amount of training for the Sammlers is yet in store. The British methods are now to be taught, the French training period having been finished.

Italians Take 30,671 Prisoners Since Aug. 29

(By United Press)
Rome, Sept. 8.—Since August 29 at which time Candornas offensive began the Italians have taken 30,671 prisoners, including 858 officers, is the official statement.

Sweden Has Been Acting as Medium

(By United Press)
Washington, Sept. 8.—Sweden has been acting as a medium for transferring German messages from the Germans in charge at Buenos Aires via Stockholm to Berlin and the state department learns that it is likely to result in a delicate situation between the allies and Sweden as Argentine is likely to plunge into the war.

BIG CORN YIELD LIKELY

Government Crop Report Predicts 3,248,000,000 Bushels.

Washington, Sept. 8.—Corn needs only a few weeks' freedom from frost to mature into the largest production ever known in the history of the nation.

The government's September crop report forecasts a production of 3,248,000,000 bushels, which is 124,000,000 bushels more than was produced in 1912, the record year.

Corn prospects improved to the extent of 53,000,000 bushels as a result of good weather during August. The Kansas crop showed improvement to the extent of almost 40,000,000 bushels and Missouri gained 23,000,000 bushels. Declines were recorded in other states.

HIS FEELINGS ARE HURT

Chicago Mayor Sues Papers and Individuals for \$1,600,000.

Chicago, Sept. 8.—Mayor Thompson has filed praecipes in some more libel suits. He asks \$500,000 damages from the Chicago Tribune, \$250,000 from the Chicago Daily News and Victor Lawson, its publisher; \$200,000 from Jacob M. Dickinson, former secretary of war, who has made vigorous comment on the mayor's anti-war attitude, and \$200,000 each from H. H. Merrick and Arnold Joerns, respectively president and secretary of the local chapter of the National Security league. Thursday the mayor sued the Chicago Herald and James Keeley, publisher, for \$250,000. Thus the total of damages claimed aggregates \$1,600,000.

This year's Crow Wing county fair at Pequot September 19, 20 and 21 is expected to eclipse all preceding ones in number of attractions, exhibits, attendance, etc.

The stock exhibits will be especially good. As crops have been uniformly successful in the county, good exhibits can be looked for. The directors of the fair association have let a contract for the erection of another stock barn measuring 28x100 feet. The barn will be built just west of the other barn.

Brainerd day will be on Thursday, September 20, at which time the Speedwells of Brainerd are expected to play ball. Efforts are being made to secure a special train on the Minnesota & International railway. In addition scores of automobiles will make the trip to the county fair.

Secretary Larson urges all exhibitors to get their entries in early.

SENATE IS AGAINST HIGHER TAXATION

Washington, Sept. 8.—In the midst of another bitter outburst over American unity in prosecuting the war the senate tentatively disposed of the income tax provisions of the war tax bill and again defeated all attempts at higher taxation.

Interest in virtual adoption of the income tax section, designed to raise \$842,000,000 more revenue from individual and corporate incomes, was overshadowed by a stormy three-hour scene, in which Senator Hardwick of Georgia was subjected to vigorous criticism by Senator Nelson (Republican) and Senators Chamberlain and Williams (Democrats).

The incident hardly has been equaled in the senate since passage of the army draft law.

Senator Nelson, veteran of the Civil war, defended the patriotism of the American soldier—regular, volunteer and drafted men—and denounced pacifism in rebuking Senator Hardwick for introducing an amendment to the war revenue bill to give soldiers who go overseas \$50 a month extra.

STOCK MEN PLEDGE AID IN PRODUCTION

Washington, Sept. 8.—Live stock producers of the country meeting here with the food administration and the department of agriculture to discuss means of stimulating meat production pledged themselves to observe any regulations the government may adopt for control of the industry and named a committee of twenty-five to co-operate with officials in dealing with a threatened meat shortage.

In resolutions adopted the live stock men recommended these measures to stimulate production:

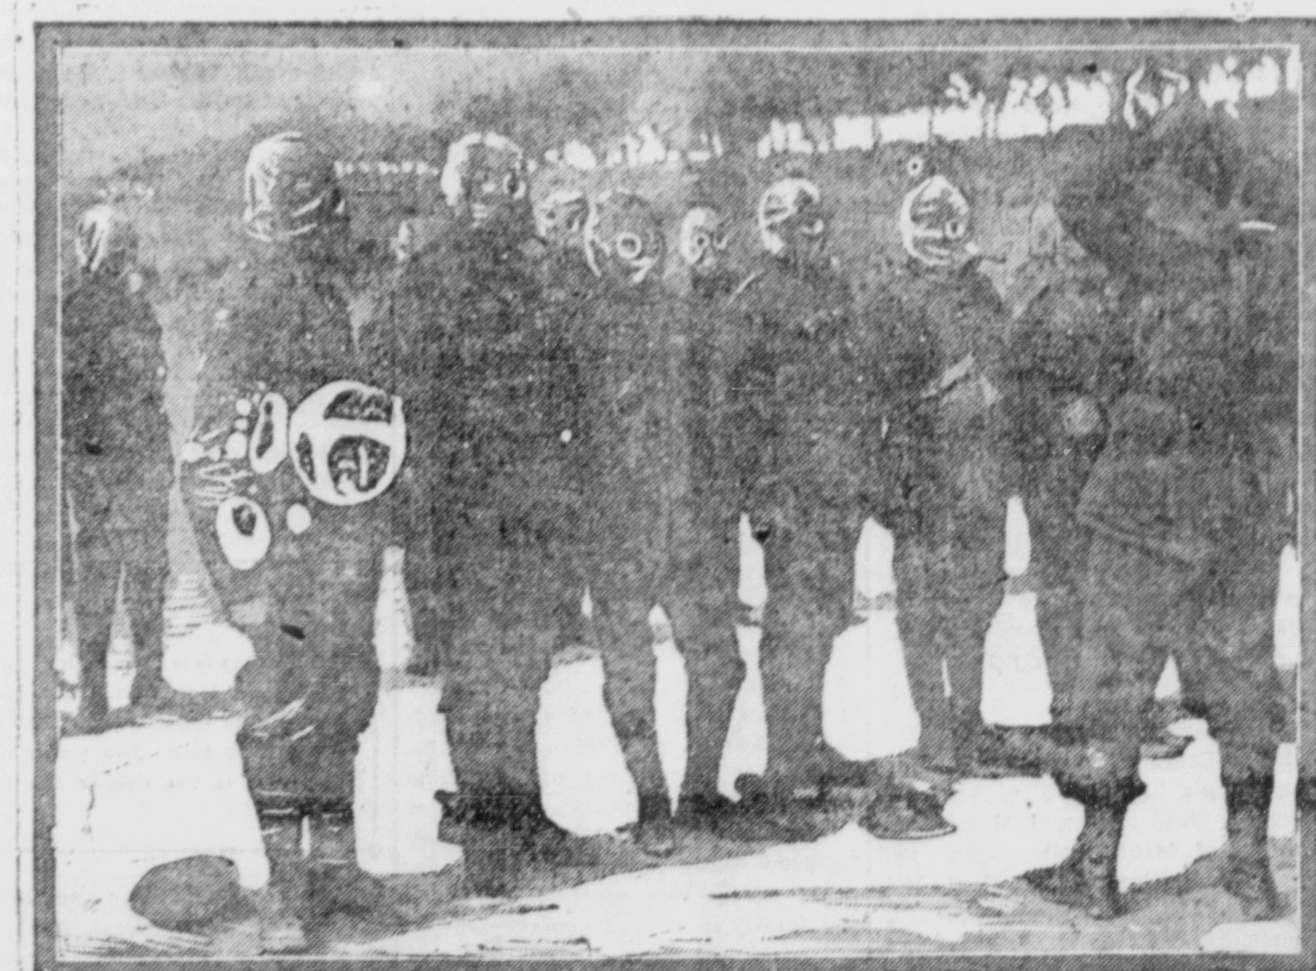

A definite government policy to encourage the growing of food animals. A stimulating price in purchases to be made by the food administration for the government and the allies.

A licensing system for packing houses to insure just prices to both producer and consumer.

Establishment of central retail meat markets under government control to sell to the consumer at cost plus a small profit.

Special freight rates on live stock to encourage movement of animals from the West to the South and East.

American Troops in France Practising With Gas Masks Like These

While this photograph shows a respirator drill for British soldiers it is the same form of drill American troops are now undergoing in France. In order to make the British soldiers perfect in putting on and off the mask the drill is practiced on going into and coming out of the trench.

TROPHY SHOOT ON SUNDAY

The trophy shoot of the Brainerd Rifle club, continued from last Sunday, will now be positively held this Sunday, September 9. It appears that last Sunday the quota present was not large enough to conform to requirements and no trophy could be awarded.

All members are earnestly requested to turn out this time and help make it a successful shoot.

ROLL OF HONOR

Merrill Wideman, who has been employed with a large firm in Brainerd during the past summer, has given up his position and gone to Duluth to join the national militia. He passed the examination in Brainerd successfully and went to Duluth to take his final last Saturday. Merrill is not yet of age but his parents have no intention of interposing in his desire to become one of the good patriotic boys of which Pine River has quite a list already. Mr. Wideman later received word that Merrill is now in the Jefferson Barracks, Mo.—Pine River Sentinel Blaze.

STOLEN CAR LOCATED

George Shanks Arrested Charged With Sealing Turcotte Ford Runabout

The Ford runabout stolen Thursday night from the front of the Turcotte-Hardy garage has been located. It is believed, in a farmer's barn near Clear Lake, south of St. Cloud.

Following instructions of the owners a warrant was issued Friday and placed in the hands of Sheriff Claus A. Theorin who arrested Geo. Shanks as he was walking on the streets of Brainerd. The sheriff took Shanks by surprise and the latter, said the sheriff, confessed to him he had taken the car and left it in a barn near Clear Lake.

Martin Berggreen, owner of a filling station at Crow Wing, stated Shanks drove the car past his place Thursday night at 8 o'clock and stopped to borrow a lantern and to repair a puncture.

Shanks served a term in the reformatory for taking a wagon from the machinery shed of Wm. F. Holst, his defense at that time being he had borrowed the vehicle.

Alderman Fremont Turcotte went to Clear Lake in the afternoon to recover the car.

FARMERS DAUGHTER DIED

Mabel Johnson, Age 11, Daughter of John Johnson, Died at Crow Wing Township

Mabel Johnson, age 11, daughter of Mr. and Mrs. Johnson of Crow Wing township, died of diabetes following an illness of several months. She leaves four sisters, one of whom is Mrs. Joseph Caron.

The funeral will be held Sunday in Crow Wing township. The sympathy of the community is extended the family in its sad bereavement.

"What I calls comfort," said Charcoal Eph as he reached for the ham, "is w'en a man can turn down a five dollar job kase he done got half a dollar in his pocket. Try some salt, Mr. Jackson."—Richmond Times-Dispatch.

PLEDGES AID TO RUSSIAN PEOPLE

Labor Alliance Conference at Minneapolis Adjourns.

DECLARATION OF PRINCIPLES

Suppression of Disloyalists and Pro-German Propagandists, Conscription of Wealth as Well as Men, Insurance for Soldiers and Sailors and Equal Suffrage Are Among the Policies Advocated.

Minneapolis, Sept. 8.—The American Alliance for Labor and Democracy finished the work of its three-day national loyalty conference with a rousing ratification meeting at the Auditorium, where its sessions have been held.

In the closing hours a committee of five was appointed to communicate with the leaders of the new Russian democracy and to extend to them the support of the American people.

This committee consists of Samuel Gompers, president of the American Federation of Labor; Frank P. Walsh, formerly of the United States industrial relations commission; James Duncan, president of the Massachusetts Federation of Labor; Charles Edward Russell and John Spargo, well known Socialist leaders of New York.

A declaration of principles, adopted at the closing session, include:

Suppression of disloyalists and pro-German propagandists.

Solidification of labor behind the government.

Favors Conscription of Wealth.

Conscription of wealth as well as of men.

Heavy taxes on incomes, excess profits and land values.

Government control of industries in case of labor disputes.

Action against speculative interests which enhance prices of necessities of life.

Insurance for soldiers and sailors. Equal suffrage.

Endorsement of President Wilson's decision not to permit the war to be made an excuse for lowering labor standards.

Declaration that wage earners must have a voice in determining conditions under which they give service and must be represented in councils conducting the war and at peace negotiations.

"The overshadowing issue," the declaration says, "is preservation of democracy. Either democracy will endure and men will be free, or autocracy will triumph and the race will be enslaved. To compromise now would be to sow seed for a bloodlet war."

SUFFERING.

Suffering is a heavy plow guided by an iron hand; the more barren and rebellious the soil the more it is torn; the richer and softer it is the deeper the furrows.

Train Kills Mother and Baby.

Aberdeen, Wash., Sept. 8.—Mrs. Albert Crabbe of Shelton, Wash., and her baby daughter were instantly killed when an automobile driven by Mr. Crabbe was struck by a Northern Pacific train at a grade crossing five miles from here. Crabbe and three other children of the family were badly hurt.

"Mamma, did you ever wear a hoop-skirt?" asked Bessie, who had been reading about the birdcage skirts of the days long ago.

"No, dear, I never wore one, but grandma did."

"Grandma! Why, how did she ever put her cane on the ground?" asked Bessie.—St. Louis Globe-Democrat.

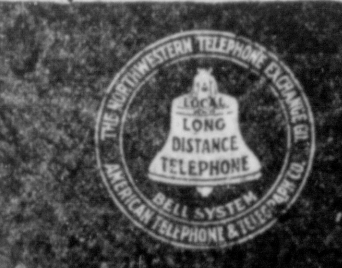

IF BACK HURTS BEGIN ON SALTS

Flush the Kidneys at once when Back-ache or Bladder bothers—Meat forms uric acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

First Baptist Church
Morning service at 11 o'clock. The pastor will speak on the subject "We will set up Our Banners." Evening service at 8 o'clock. The sermon subject will be "Clean Hearts." There is special need for the presence of all church members to prepare for the meetings at the tabernacle. Sunday school at 9:45 A. M. B. Y. P. U. at 7 P. M. Everyone is cordially invited. R. E. Cody, pastor.

† † †
Christian Science Society
Camels hall, Iron Exchange building. Sunday school at 10 A. M. Sunday service at 11 A. M. Wednesday evening at 8 P. M. To these services the public is welcome. Subject for Sunday, "Man." Golden Text, Prov. 20:27. A Christian Science reading room is maintained in the same building, room 218, second floor, which is open daily except Sunday and holidays from 3 to 5 P. M. Christian Science literature is furnished for free distribution and also for sale.

† † †
Bethlehem Lutheran Church, S. 7th
Services Sunday morning at 10:45 o'clock. Rev. H. B. Shadduck, advance man of the Bromley evangelistic party, will preach. The music program includes solo, "Fleet as a Bird," of F. M. Dana, sung by Mrs. George Berggreen; duet, "Crucifix," by Hayden, sung by Mrs. George Berggreen and Miss Mabel Johnson; duet, "O Morning Land," by Gounod, sung by Mrs. Berggreen and Miss Johnson. There will be no evening services as the pastor will be at Daggett Brook.

† † †
Presbyterian Church
Morning worship and praise at 10:30 o'clock. The subject of the morning sermon will be, "A Prayer for Revival." The quartet will sing. In the evening at 7:45, the sermon subject will be, "Doing Out Bit." There will be a platform meeting at this time and a number of speakers will give their impression of the revival campaign just before us. The

evening chorus will sing. All friends are requested to attend the union service at the Methodist church addressed by Mr. Shadduck of the evangelistic party. C. E. meeting at 6:45. All are welcome. W. J. Lowrie, pastor.

† † †
Methodist Church Notes
Morning worship at 10:30 A. M. Rev. F. W. Hill, pastor. Sermon theme, "In the Secret of His Presence." Special music: anthem, "Praise the Lord," Williams; bass solo, "Flee as a Bird," Abt., Dr. E. E. Long; violin obligato, Miss Fern Hitt. Bible school at 12 o'clock. Epworth League at 7 o'clock. Topic, "The Place and Purpose of the League." Leader, Miss Jennie Keller. Evening preaching service at 8 o'clock. Sermon by the pastor, subject, "Conditions of a Revival." Special music: anthem, "We March to Victory," Homer; trio, "Bethoven's Moonlight Sonata," William Rodenkirchen cello, Miss Fern Hitt violin, Morris D. Folsom piano. You are cordially invited to worship with us.

FIRST MEETING REVIVAL CAMPAIGN

The first meeting in the big union evangelistic series will be held at the First Methodist church on Sunday at 3 P. M.

Rev. B. H. Shadduck of Youngstown, Ohio, the advance man of the Bromley party, will give the address at that time and will explain the needs of the work. This meeting should be largely attended by members of the various churches that will participate in the campaign.

BAKERS OBJECT TO STATEMENT

A baker of the city has objected to the United Press message sent out from Washington, D. C., Sept. 6, regarding the housewives battle with the baker for the 5 cent loaf of bread. It stated the home baked loaf of 16 ounces cost four cents while the baker charged 10 cents for it.

Local bakers stated bread values computed by some women took no account of labor, fuel, expense of selling, upkeep, business depreciation charges, etc.

Four cent loaves, said this baker, seemed an impossibility in Brainerd where flour cost 6c a pound, sugar 10c a pound, lard 25c a pound, where skilled labor drew \$4 a day and where high fuel costs and rent had also to be met.

Krech's Schoolhouse
Sunday afternoon at 3 o'clock, the pastor, Rev. F. W. Hill, will preach at Krech's schoolhouse. The community is cordially invited to be present.

Bessie Barriscale in New Triangle-Kay Bee Play, "Bawbs o' Blue Ridge."

At the Best Tomorrow
A story of the Virginia mountains, with a little orphaned waif as its heroine and a New York fiction writer as its hero is "Bawbs o' Blue Ridge," in which Bessie Barriscale will be presented on the Triangle program at the Best theatre tomorrow (Sunday). The little girl has a great desire for a romance, but when it comes along it almost looks for awhile as if cruel fate, a misunderstanding and a hoot owl were going to give her affairs a most unromantic twist.

Love finds a way, however, and when the maiden leaves the mountain cabin it is with the man who came into the wilderness just because friendly Cupid had him picked out for her.

FREE AUCTION MARKET DAY PAGE

More Advertising Space Taken by the Merchants of the City, Carrying Big Blue Signs

SUCCESS SEEMS ASSURED

Meeting of Retail Trade Committee of Chamber of Commerce to be Held Soon

Three more merchants engaged advertising space in the Free Auction and Market Day page today and are added to the list of "official stores" which will give out lunch tickets and carry the "big blue sign" in their windows. They are John Carlson & Son, clothiers; Lammon's Pharmacy; John Larson, the fuel, feed and flour dealer, and H. P. Dunn, druggist.

Watch for Cards
The "blue window cards" were issued today and will be placed in the store windows of merchants who are co-operating in this big free auction and market day plan for the special benefit of farmers. All advertising copy must be in no later than Monday, September 17 and each advertiser is to furnish three copies, one for the Tribune, the Journal-Press and the Weekly Dispatch. Please get the copy up early, select some specific bargain in your line of merchandising and confer with others in your line in order not to advertise the same article. It will mean better results to everyone.

Plans for Lunch
A meeting of the retail trade committee will be held early next week at which plans for the noon lunch for farmers will be made. This lunch will be served only to farmers having tickets and these tickets can be secured at the stores carrying the "Big Blue Window Sign." They will be distributed early in the week and merchants are urged to advise their farmer customers of the date, September 25, and the general plan for the big day.

Free to Farmers
The auction and lunch are positively free to farmers and an effort will be made to dispose of everything they bring in on that date at public auction on the Market Square grounds. A competent clerk will be in attendance and his services furnished free. List your chattels, plan to come to Brainerd on September 25 and learn for yourself what the county seat town is doing for the farmers of this section.

PUBLIC MARKET A BUSY PLACE

BY P. B. NETTLETON
(Public Market Committee)

The Brainerd Public Market in the Gardner block is now supplied with two telephones, Northwest 624-L and Tri-State 6416. Electric lights have been installed and it will be open this Saturday evening.

Ladies are invited to bring in anything they have for sale early, also to bring in their baskets and buy up supplies and assist to keep the tables clean, thus showing their interest in this new enterprise which can be made of much service to them. Their cooperation is very much desired and will be fully appreciated.

Sales Friday amounted to \$52. On Monday the market ships to Virginia five bushels of cucumbers, two bushels of onions, 300 pounds of cabbage, a bushel of tomatoes.

Friday 15 dozen ears of corn were sent to Baudette and 12 dozen ears to Duluth.

If things keep on at this rate Brainerd's market will score a bigger success than Duluth or Superior.

Mattson-Nieme
The wedding of Ewert Nieme and Annie Mattson was celebrated at the Norwegian-Danish Lutheran parsonage Wednesday evening at 8 o'clock. Rev. A. Sorenson officiating. The witnesses to the pleasing ceremony were Casper Erickson and Mars Meas. Both bride and bridegroom are from Crosby. They left for Trommald where they will make their home. The Dispatch joins in extending best wishes for their continued happiness and prosperity.

Eastern Star
Alpha Chapter No. 23, of the Order of the Eastern Star, after two months vacation, will resume its regular meetings on Monday evenings, Sept. 10.

Passing Acquaintance.
Hospital Doctor—No relatives? Then who is your next best friend? Motorist—The guy that ran into me and totally demolished the car, but I didn't get his number.—Philadelphia Bulletin.

LES. BUSH BACK WITH VENGEANCE

Bush, who has not been pitching for some time on account of a sore arm, as he wrote his mother, won his last game and broke the losing streak of the Athletics.

All the talk about suspension and dismissal appears to have been a lot of newspaper hot air dope out from the big cities. There are plenty big team managers scrambling after Bush for his worth is known. St. Louis is anxious to get him, Detroit too, and others.

INVITATION TO PICNIC

Extended by Mission Lake Farmers Club, to be Held Near Mission Lake Sept. 11

A cordial invitation to local business men and citizens generally to attend the annual picnic of the Mission Lake Farmers' club to be held at the narrows, Mission lake on what is known as the Dr. Camp farm, on Tuesday, September 11, has been received by the secretary of the Chamber of Commerce with the request that it be given publicity and a large attendance from Brainerd assured.

E. E. Taylor of Merrifield, the hustling secretary of the club, states that a jolly outing and get-together meeting is assured and that the farmers are anxious to have the county seat town well represented. Local business men and all who can attend are urged to set aside the day and make up a party to take in the picnic. The roads are in excellent shape and this will be one of the last picnics of the season.

The attendance from this city at the big community picnic at Long Lake was excellent and farmers were free to express their appreciation. Another opportunity to enjoy a day in the open and to renew acquaintances is offered in the picnic of the Mission Lake Farmers club and it is hoped for a large attendance from this city.

EARTHQUAKE HERE BEFORE

P. J. Oberst Cites Lot of Geological Data That Mississippi Valley Felt Quake

IN THE YEARS 1811 AND 1812

Waves From Main Disturbances Followed Mineral Bearing Strata, Cites Authorities

"It may not perhaps be generally known," said P. J. Oberst of Brainerd, "that earthquake shocks are nothing new in Minnesota.

"If you read up Geikie's Geology, a work of exceptional merit in this branch of science, you will find that the whole Mississippi valley was visible by violent shocks during the years 1811, 1812. They ceased entirely in the latter year when there was a violent earthquake on the Island of St. Vincent in the West Indies group.

"Now the severe earthquake at Bogota a week ago would seem to go to support the theory that there must be some connection between the seismic fact in South America and the earth tremors up here. But if asked why all the intervening territory should be passed over, the answer is because it is a geological axiom that those elastic waves passing under the surface of the earth communicate themselves much more freely to certain substances, preferably, I would think, to mineral bearing strata.

"At the time of the San Francisco earthquake some years ago, there were some continued tremors in the upper Michigan peninsula mainly caused, it was thought, at that time by the waves sent thither from that source.

"Now it may be possible that our tremors here may have been caused by the bursting of subterranean caverns, and the permeating of water through them, but the analogies I have cited should certainly invite investigation.

"N. B.—For geological authorities see the following authors: W. B. Scott, "Introduction to Geology"; A. Geikie, "Manual of Geology"; M. DeLapparent, "Treatise de Geologie."

WHAT'S THE REASON?

Many Brainerd People in Poor Health Without Knowing the Cause

There are scores of people who drag out a miserable existence without realizing the cause of their suffering. Day after day they are racked with backache and headache; suffer from nervousness, dizziness, weakness, languor and depression. Perhaps the kidneys have fallen behind in their work of filtering the blood and that may be the root of the trouble. Look to your kidneys, assist them in their work—give them the help they need. You can use no more highly recommended remedy than Doan's Kidney Pills—endorsed by people all over the country and by your neighbors in Brainerd.

Mrs. T. F. Mooney, 209 Gillis St., Brainerd, says: "I have known about Doan's Kidney Pills for some time. I procured this medicine at H. P. Dunn's Drug Store and it certainly was of great benefit to me."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Mooney had. Foster-Milburn Co., Props., Buffalo, N. Y.

"HE PROFITS MOST WHO SERVES BEST"

The Pink of Perfection

We are offering a new pink or flesh-tint talcum which is actually the "pink of perfection" in flesh-tint coverings. It's a dandy talcum, pure, clean and sweet, and with a delightfully rich odor. Better than a white talcum to use. It gives the face a tint of youthful beauty. Excellent for baby.

TO OPERATE ON THE PACIFIC

Japanese Organize \$20,000,000 Shipping Corporation.

San Francisco, Sept. 8.—A \$20,000,000 corporation, to operate ships between San Francisco and the Orient, has been formed by seven Japanese who have amassed millions in the shipping boom in the Far East, according to Teiichi Ishida, president of the concern, who is in San Francisco to establish an American office.

It is planned to make Manila a port of call, to relieve the shipping conditions there, where it was said millions of dollars worth of hemp, copra, rice and other commodities are piled on docks awaiting transportation.

One of the directors of the concern, said Ishida, is Ghoza Ito, who five years ago was a mechanic in a Tokio shipbuilding yard and is now considered the richest man in Japan.

It has been demonstrated that chronic infection in a tonsil or an abscess at the root of a tooth may be and frequently is the source from which an articular rheumatism or an acute valvular disease of the heart has its origin.

COMMISSIONERS PROCEEDINGS

Proceedings of the Board of County Commissioners of Crow Wing County, Minnesota

Pursuant to adjournment, the board met at the court house in the city of Brainerd on September 4th, 1917, at 10 o'clock A. M.

All members were present.

Minutes of the meeting held Aug. 7th, 1917, were read and duly approved.

On motion, the salary of the mining inspector was placed at \$1200 per year, effective September 1st, 1917.

A plat of Morning Side Park, covering part of the N½ of NW¼, Sec. 14, Township 46, Range 29, was presented by the Shawmut Company and others, and, on motion, the same was approved.

It was moved and seconded that the chairman appoint a delegate to attend the State Commissioners' Association convention. Motion carried. The chairman appointed J. A. Erickson as such delegate.

On motion, \$75.00 was appropriated out of the road and bridge fund to the town of Ideal to repair the bridge in Sec. 26 of that town between Kimball and Bass lakes.

On motion, the auditor was instructed to submit a bid to Pine county, Minnesota, for the disposal of the rock crusher owned by this county.

The following report of the board of audit was received:

To the Honorable Board of County Commissioners, Crow Wing County, Minn.

Gentlemen: The undersigned board of audit, of said Crow Wing county, met at the office of the county treasurer of said county, on the 31st day of August, A. D. 1917, for the purpose of examining and auditing the accounts, books and vouchers of S. R. Adair, treasurer, of said county, and to count and ascertain the kind and description and amount of funds in the county treasury and belonging thereto.

We respectfully make the following report thereon:

Balance in the treasury March 31st, 1917, date of last report.....	\$105,529.04
Treasurer's receipts from April 1st, 1917, to Aug. 31st, 1917, inc:	
From tax collections.....	\$354,147.95
From collections registry mortgage tax.....	461.15
From collection on public lands.....	7,262.87
From collections on private redemptions.....	4,387.43
From collections of interest on county funds.....	476.51
From collections of fines and licenses.....	288.70
From collections on ditch assessments.....	108.99
From collections on state road fund.....	6,167.47
From school apportionment.....	118.22
From teachers' ins. and Ret. fund.....	187.50
From assurance fund.....	.07
From city of Brainerd, Spl. Ass'ts.....	585.80
From miscellaneous county revenue.....	494.25
From miscellaneous road and bridge.....	250.00
Total balances and receipts.....	\$480,466.95
By disbursements from April 1st, 1917, to	

August 31st, 1917, as follows:

Paid warrants on county revenue fund.....	\$ 1,384.93
Paid warrants on incidental fund.....	295.29
Paid warrants on road and bridge fund.....	1,546.47
Paid warrants on interest.....	2,400.00
Paid warrants on general ditch fund.....	4,424.65
Paid warrants on redemption fund.....	4,481.21
Paid warrants on school district fund.....	65,788.17
Paid warrants on town, city and village funds.....	37,247.27
Paid warrants on state taxes.....	80,772.68
Paid warrants on contingent fund.....	144.78
Paid warrants on Mite. Reg. tax fund.....	1.50
Teachers' ins. and Ret. fund.....	286.84
County jail fund.....	2,217.18
Refunding fund.....	49.40
Sanatorium fund.....	1,800.00
Total disbursements.....	\$202,834.32
Balance in treasury at close of business Aug. 31, 1917.....	\$277,632.63

We find the said treasurer in the possession of funds covering said balance in kind and amounts as follows:

Cash in safe and drawer.....	\$ 132.28
Cash, items, checks, money orders.....	1.22
Deposited in First Natl. bank, Brainerd.....	123,446.45
Deposited in Citizens State Bank, Brainerd.....	20,989.81
Deposited in Brainerd State Bank, Brainerd.....	20,424.18
Deposited in Deerwood State bank, Deerwood.....	20,101.05
Deposited in Pequot First State bank.....	6,037.69
Deposited in Crosby First National bank.....	20,000.00
Deposited in Cuyuna First State bank.....	6,000.00
Deposited in Crosby First State bank.....	4,500.00
Deposited in Ironton First National bank.....	20,000.00
Deposited in Ironton First State bank.....	5,000.00
Deposited in Barrows First State bank.....	2,500.00
Deposited in Pequot Farmers State bank.....	1,500.00
Deposited in Jenkins State bank.....	6,000.00
Deposited in Riverton First State bank.....	4,500.00
Deposited in Port Ripley First State bank.....	4,500.00
Total funds.....	\$277,632.63

Verification of Current Tax collections by board of audit. For a period from April 1st, 1917, to August 31st, 1917. We find the treasurer charged with the tax levy for 1916 as follows:

Tax levy for 1916.....	\$671,666.87
Additions to the levy.....	1,633.39
Total debit.....	\$673,300.26
Taxes collected.....	\$397,365.31
Taxes abated.....	29,135.51
Total credit.....	\$426,500.82

September 1st, 1917, balance uncollected.....\$246,801.44

We hereby certify that we have verified the correctness of the foregoing statement by checking the duplicate receipts with the tax books for the period above named.

Miscellaneous minutes: checking of receipts not completed.

EDWARD CRUST,
 Chairman County Board.
 C. W. MAHLUM,
 County Auditor.
 W. A. M. JOHNSTON,
 Clerk of District Court.
 Board of Audit, Crow Wing County.

The board adjourned for the noon hour.

The board met at 2 o'clock P. M., all members present.

On motion, the contract submitted by the M. & I. Railway Co. covering the change in right of way of State Road No. 7 between Twin lakes in the town of Smiley, was approved.

A communication was received from Carl F. Peterson and others in reference to the dams in Cedar Brook in the town of Deerwood constructed by the Game & Fish Commission. On motion, the same was referred to the county attorney.

An application for a raise in salary was received from John Byrne, deputy sheriff. This, being a matter within the jurisdiction of the judge of the district court, no action was taken.

The county engineer submitted his report on proposed road improvements in sections 5, 7 and 8, township 45, range 29 and on motion, the same was accepted and ordered placed on file.

The county attorney submitted his opinion in the matter of funds belonging to school district No. 67 and, on motion, the same was accepted and ordered placed on file.

The county auditor was instructed to have his 1913 statutes annotated and repaired.

The following citizens of the county were selected and certified to the court to serve as petit jurors to take the place of those drawn at the May 1917 adjourned term of court:

Home-Reading Course For Our Citizen-Soldiers

(Issued by the War Department and all rights to reprint reserved)

This course of thirty daily lessons is offered to the men selected for service in the National Army as a practical help in getting started in the right way. It is informal in tone and does not attempt to give binding rules and directions. These are contained in the various manuals and regulations of the United States Army, to which this Course is merely introductory.

LESSON NO. 20.

CLOSE-ORDER DRILL

(PRECEDING LESSONS—1. Your Post of Honor. 2. Making Good as a Soldier. 3. Nine Qualities of a Soldier. 4. Getting Ready for Camp. 5. First Days in Camp. 6. Cleanliness in Camp. 7. Your Health. 8. Marching and Care of Feet. 9. Your Equipment and Arms. 10. Recreation in Camp. 11. Playing the Game. 12. Team Work in the Army. 13. Grouping Men into Teams. 14. The Team Leaders. 15. Fighting arms of the service. 16. Staff Branches of the Service—I. 17. Staff Branches of the Service—II. 18. Army Insignia. 19. The Army System of Training.)

Close-order formations are seldom used in actual fighting; nevertheless, they should be thoroughly mastered. They have been worked out during centuries of experience as the best means of training men in soldierly habits of thought and action. They teach precision, teamwork, and that prompt and unhesitating obedience which is so necessary to military control. The fact that you and your comrades are thoroughly drilled will be your best protection in the hour of battle. It will give every man confidence in himself and in his comrades and will insure steadfastness in the face of the enemy.

However, close-order drill will not yield these results—it will be worse than useless—unless it is learned thoroughly and practiced with snap and precision. You must drill, drill, drill. It is one of the most essential steps in your training. Enter these drills with enthusiasm. Try to make a distinct improvement every day.

Grades of Close-Order Drill

There are four sections or grades of close-order drill, which are called school of the soldier, school of the squad, school of the company, school of the battalion. The word "school" as here used, means a fixed method of training.

First of all, you will get the training included under the "school of the soldier." This training is in turn divided into two parts: Instruction without arms and the Manual of Arms.

The very first thing you will learn is the position of the soldier, which has already been explained in lesson 4, then you will be shown, among other things, how to face to the right or left or about in a soldierly manner, how to salute properly and how to march.

The Manual of Arms takes you a step further. It teaches you how to handle your rifle properly. It does

not, however, include practice in firing or in bayonet combat.

In the school of the squad you will execute all the movements learned in the school of the soldier; in addition you will learn to keep your correct pace in ranks, to attack and take arms, and to march as a squad. The school of the squad includes also some practice in extended-order drill.

The school of company carries you still further in your training. In the close-order drill you will be taught to march in line and in column and to execute a number of simple but very important movements. Most of these movements are by squads; that is to say, they simply apply to a number of squads working together, the same commands and movements already learned in the school of the squad.

School of the Battalion

The school of the battalion in turn applies on a somewhat larger scale the movements you have learned in the school of the company. The commands of the major will be repeated to you by your own captain, or through him by your platoon commander.

The battalion is the largest unit in which an officer can make his commands heard and clearly understood by all the men; hence it is the largest unit in which there is instruction in close-order drill. Regiments, brigades, and large units are controlled through orders given to commanding officers which they carry out by issuing commands or orders to the officers or men immediately under their control.

A very important thing for you to remember is that this progressive training in the close-order drill is all based upon some very simple movements which you will learn in the school of the soldier and the school of the squad. If you get these basic movements right so that you can perform them exactly and promptly—and you ought to be able to learn this in a very short time—you need have no fear of the complicated movements of the school of the company and the school of the battalion. In reality, these movements merely look more complicated, because they are carried out by larger bodies of men. It can not be too strongly impressed on you that the closest attention to your training during the first few days will make your whole period of service much easier and more satisfactory. Don't lose your grasp on this thought. It is of the first importance. Put it into practice and it will help you to get ahead.

 County Auditor.

How the Condor Is Caught.

Many birds cannot fly straight up. They must rise at a very gentle incline. They must get upward motion before their wings can get full effect of the air. It is said that the mode of taking the condor is to build a pen, say, forty of fifty feet in diameter and six feet high and put a carcass in the middle of it. The condor alights, but cannot again rise at an angle which will take him over the fence.

Many heavy bodied, short winged ducks rise from the water at so small an angle that they must use both feet and wings for thirty or forty feet in order to get upward motion enough to give effectiveness to their wings by meeting larger masses of still air.

CHAMBER COMMERCE MEETS ON SEPT. 12

Reports on Proposed Bridges Across Narrows at Gull Lake and Killebuck Lake

N. M. D. A. CONVENTION NOTES

Secretary Lincoln and R. R. Wise to Attend Executive Committee at Bemidji

The regular meeting of the Chamber of Commerce will be held Wednesday evening, September 12, at 8:30 p. m. and all members are urged to be present.

Interesting reports on the proposed bridges across the Narrows at Gull lake and across Kilpatrick lake will be made and plans for the big convention of the Northern Minnesota Development association informally discussed. The secretary and R. R. Wise will attend the conference of the executive committee of the N. M. D. A. at Bemidji Tuesday and hope to secure the \$200 appropriation for the State Potato Growers' association make possible the holding of their convention here in December in conjunction with the N. M. D. A. meeting.

Plans for resuming the monthly club dinners will be before the Chamber and considerable new business taken up in addition to the reports of committees and routine work.

PLEASED AT DEMONSTRATION

Secretary Fred T. Lincoln of the Chamber of Commerce has received a letter from John S. Pardee, secretary of the Minnesota Public Safety Commission, wherein he praises Brainerd for the fine patriotic demonstration on Tuesday, Sept. 4.

The letter states: "I am putting in most of my time now writing notes of congratulation to county directors and secretaries on their successful patriotic meetings. It is wonderful all this sweeping tide of patriotic sentiment through the state.

"I beg to congratulate you upon your part in this superb movement."

BOYS TO FRONT SEPTEMBER 19

By direction of Governor Burnquist, following reports from the district board at Duluth that delays had been experienced in certifying to various lists named, Crow Wing county's five per cent quota did not leave for the cantonments on Sept. 5, but will leave with the forty per cent to be called out September 19.

Further information, said the governor, will soon be transmitted on this point.

WHOLESALE LIQUOR HOUSES RAIDED

Sheriff Claus A. Theorin Friday raided the wholesale liquor house of Steve Kovacevich near Dykeman and seized eight barrels of beer and 16 sacks of bottled whiskey.

Three charges brought against Kovacevich include selling liquor to two different people and running an unlicensed drinking place. On each count bond was fixed at \$200 and he was bound over to the district court.

DEVELOPMENTS OF WEEK ON RANGE

Fire Still Smoldering at Kennedy Mine, but Work of Mining has Been Resumed

PENNINGTON CEASED SHIPPING

Cuyuna Southern Railway Planned by Cuyler Adams to Tap Rich South Range Country

The fire is still smoldering in the Kennedy mine of the Rogers, Brown Ore Co. at Cuyuna. It started on the 210 foot level and burned up a raise. The section has been bulkheaded and mining is now under way in other sections of the mine. About half of the stockpile has been shipped and the 800 quota has about been completed and the mine will soon be shipping the other half of its output, 100,000 tons over the Northern Pacific. Annually the output is divided over the two roads.

Stockholders of the Onahman Mining Co. have agreed to the consolidation of the Onahman and Algoma mines. The Cuyuna-Mille Lacs mine has received an electric pump, and

will have two electric locomotives and two hoists. A new cement block dry house has been completed. A cement block boiler and engine house, holding the steam plant reserve, is under construction. A new steel head frame is being built.

Mining of mananiferous ores received an impetus with the first shipment from the Merritt mines via Northern Pacific railway to St. Paul and Mississippi river barge to St. Louis, where it will be used in manufacturing material for the government. Continued publicity like this will bring the manganiferous ores of the Cuyuna range to the attention of big furnaces who have hitherto drawn their supplies from Europe or South America.

The Pennington pit west of Ironton has finished shipping this season, the tonnage amounting to about 125,000 tons.

The Armour No. 1 is about through shipping. It has about 10,000 tons more to send out. It has been working on a three year contract which calls for the annual shipment of 75,000 tons.

At the North Thompson state lease in Crosby less will be shipped than was first figured on. This has been partly on account of car shortage. The Hill Crest pit near Ironton will ship for the season about 200,000 tons. The Meacham at Crosby has shipped about all its stockpile.

The new Cuyuna Southern railway incorporated by Cuyler Adams, dis-

coverer of the Cuyuna iron range, and his two sons, Culver and Robert, will tap the rich mining and agricultural lands of the south range, pass through the Clearwater range, the summer resort country of western Mille Lacs lake and then take a bee line to St. Paul. As Mr. Adams was instrumental in having both Soo and Northern Pacific lines enter the Cuyuna range, people believe Mr. Adams will be as successful with the new railway as he has been with all his other projects. Deerwood will be headquarters for the new line.

Judge James T. Hale, president of the Minnesota State Tax Commission, has been on a tour of the Cuyuna and Mesaba ranges.

It is reported a party of Duluth

men are to sink a shaft north of the Merritt property. Captain James Lanyon of Duluth will be in charge of the work. Prof. E. M. Lambert of the School of Mines of the University of Minnesota, and one of the students, J. F. Murphy, were on the range looking up low grade ores and the possibilities of their use.

IN MANY HOMES

Victrolas Give Pleasure and Amusement and Serve as Educators of the Best in Music

The Victrola, handled by H. F. Michael & Co., the past three years, has given much satisfaction to all

purchasers, its sales extending to individuals, societies, schools, etc.

In many entertainments the music of the Victrola has been a feature and the company has kindly loaned it, thus assisting to spread its merits. Good music in a home is of an elevating influence and serves as a means of education for the whole family. The Victrola repertoire is a boundless one, suiting all tastes.

"Sales for the years past," said Mr. Michael, "have been of a most satisfactory nature and it is hoped this season to largely increase them."

The number of children naturally left handed at birth has been found by statistical research to be about 4 per cent of the total born.

THE VICTROLA

The World's Greatest Entertainer

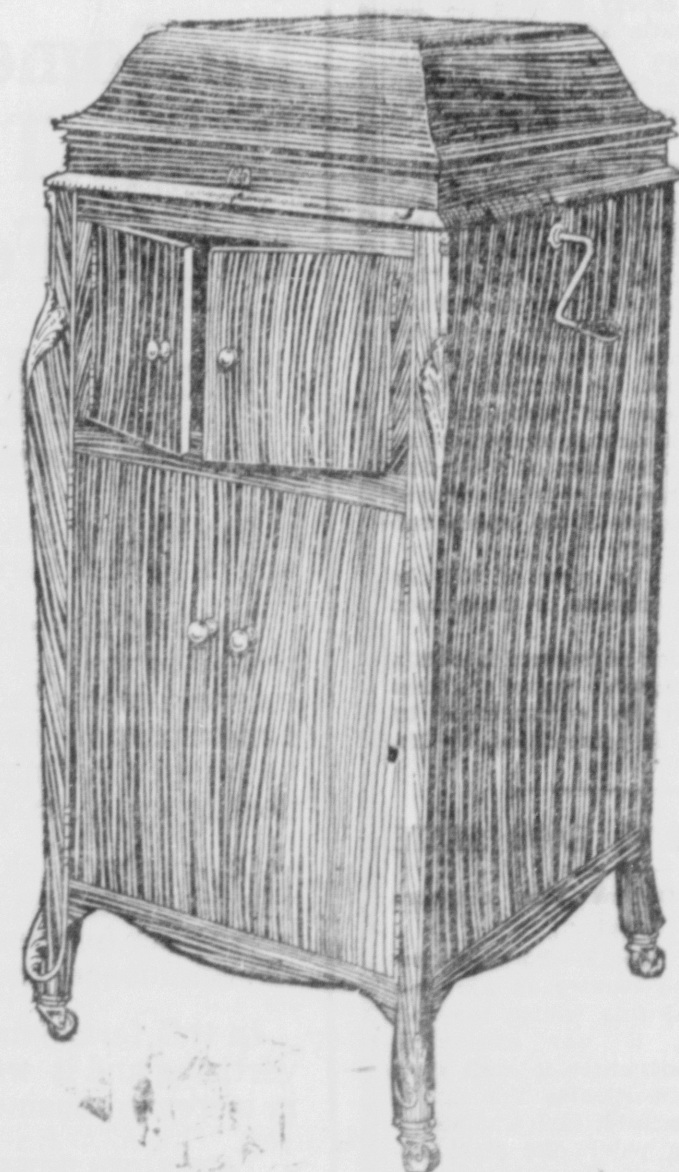

For Cash or On Easy Terms

Victrola IV, \$15.00

Victrola XI, \$100

Victrola XIV, \$150

Our L-O-N-G winter evenings are approaching rapidly. The "how to spend our evening" problem will come with them. It is very easily solved with a Victrola. If your humor is for McCormack he will sing for you in your own home. It may be Gluck, Homer, Caruso or any of the many Victor artists. Or purchase it may be Lauder, Bayes, Bill Murray or those who bring jollity with them. Then again you may wish an orchestra, a band---no matter what, the Victor will bring it.

Unquestionably the Very Best

The fact that the best artists of the world have selected the VICTROLA as the instrument to reproduce their voices in the homes of the world is the very best proof of the Victor supremacy. Who can compare them.

Compare this list of artists with those offered you by any other company.

Our Easy Terms

We have planned to sell Victrolas on easy terms to those who wish that accommodation. The payments will be arranged so easily that they may be cared for very conveniently.

Come in and Hear

We shall be pleased to demonstrate the superiority of the Victrola to you at any time. We have booths where you may hear these artists---hear how completely the Victrola brings their voices to you. Come in frequently, judge them.

A Word of Warning

The great demand for Victrolas has so taxed the capacity of the Victor Company that there is a shortage of machines. We are urging our patrons to place their orders early that they may not be disappointed. Christmas gifts should be selected now. We will store them and prevent disappointment.

HEALTHY SKIN DEPENDS ON KIDNEYS.

The skin and the intestines, which work together with the kidneys to throw out the poisons of the body, do a part of the work, but a clean body and a healthy one depends on the kidneys. If the kidneys are clogged with toxic poisons you suffer from stiffness in the knees in the morning on arising, your joints seem "rusty," you may have rheumatic pains, pain in the back, stiff neck, headaches, sometimes swollen feet, or neuralgic pains—all due to the uric acid or toxic poisons in the blood. This is the time to go to the nearest drug store and simply obtain a 50c. package of Anuric, the discovery of Dr. Pierce of Buffalo, N. Y. Then drink a cup of hot water before meals, with an Anuric Tablet, and notice the gratifying results. You will find that Anuric dissolves uric acid as water does sugar.

Minneapolis, Minn.—"Some time ago I caught a cold which settled in my bladder. I could find nothing to relieve me until I read in the papers of Dr. Pierce's Anuric Tablets and decided to try them as a last resort. Have used but one box of the Anuric as yet, but have been greatly benefited by it. My back-ache, from which I suffered untold agonies all summer, has now almost disappeared. I can recommend Anuric to all sufferers from kidney and bladder disorders."—Mr. N. W. Bousch, 1032 4th Street N.

Minneapolis, Minn.—"Since baby came I have been greatly troubled with my kidneys. My back ached incessantly. I had rheumatic pains through the right shoulder. The kidneys were in a weakened condition and did not act as they should. I was easily tired and it seemed a burden to drag around. For my trouble I used Dr. Pierce's Anuric Tablets and have been greatly relieved. My kidneys are in far better condition than before."—Mrs. LESLIE THOMAS, 810 E 15th Street.

WAR AID UNION IS URGED

Red Cross Moves to Prevent Waste in Auxiliary Bodies.

New York, Sept. 8.—Closer co-operation between various independent war relief societies in the interests of harmony and greater efficiency in relief work is urged in joint letters sent out by the National Red Cross and the War Relief Clearing House.

It is recommended that in localities not now covered by a Red Cross chapter the existing relief societies unite to form a chapter and in other places the independent societies accept membership in the Red Cross.

WILL AID SEVENTH LOAN

German Officials Expect Results From Riga Capture.

Copenhagen, Sept. 8.—The seventh German war loan, which the capture by the Germans of Riga is expected to aid materially, will be open for subscription Sept. 19.

The loan will be of the same character as the sixth war loan, with 5 per cent bonds issued at 98 and 4 1/2 per cent treasury certificates carrying a bonus, for which the holders will have a chance to get from 110 to 120 when they are drawn from redemption.

French Lose Three Ships.

Paris, Sept. 8.—The official weekly report of French merchantmen sunk by mines or submarines in the seven days ended Sept. 2 shows that three vessels of more than 1,600 tons were sent to the bottom. No vessel of less than 1,600 was sunk. One vessel was unsuccessfully attacked by a submarine.

Beware of Ointments for Catarrh that Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by druggists. Price 75c per bottle.

Take Hall's Family Pills for constipation.—Adv. Apr.

URGENT DEMAND FOR SEED CORN

State Food Committee Appeals to Farmers to Select Seed Corn in September.

NEED IS PRESSING THIS YEAR

A. D. Wilson, Chairman of Committee, Says Good Seed Adds 15,000,000 Bushels to the Crop.

Issued by the Minnesota Food Committee with approval of the Public Safety Commission.

An urgent call is being issued to Minnesota's loyal farmers by the State Committee of Food Production and Conservation to select a large supply of the best possible seed corn from the standing stalks in the field during seed corn time, Sept. 10-20.

A. D. Wilson, chairman of the State Committee of Food Production and Conservation, says that by selecting an ample supply of seed corn in this way, the farmers in Minnesota can render one of the greatest possible services to the nation and to the state in the present war emergency. An ample supply of seed corn is a first necessity for a big crop next year. Good seed corn properly selected and stored for the winter means an additional five bushels for every acre of corn planted next year, other conditions being equal. Minnesota plants from 3,000,000 to 3,500,000 acres of corn annually. The gain, therefore, would amount to from 15,000,000 to 17,500,000 bushels of corn—a really splendid contribution to the world's food supply.

There Is a Reason.

Mr. Wilson emphasizes these facts: By selecting seed corn during seed corn time, the farmer can get corn that will mature before frost time in normal years.

By selecting seed corn in seed corn time, the farmer's seed will have a chance to dry out before freezing weather comes, and will, therefore, survive the winter better and show a greater germinating power.

What and How to Select.

According to the experience of successful corn growers in Minnesota, the following rules are suggested by the State Food Committee to be followed during seed corn time:

Select at least fifty ears for every acre to be planted next year. This will allow for re-selection and the choosing of absolutely the best seed corn next spring.

Select from a variety that has been grown in the locality for several years, ears that have matured early on strong, vigorous stalks of medium height.

Select medium sized ears nearly as large as the tip as at the butt, with not more than sixteen or eighteen straight rows of uniform kernels.

Select ears with kernels that fill all the space on the cob and that are about half again as broad at the tip as at the cap, with plump tips and big germs. Avoid chaffy, light and flinty kernels.

Fasten the ends of an ordinary sack together with a strap. With the strap over the right shoulder and the sack under the left arm, go out into the field a short distance and work back toward your wagon, filling the sack as you return. If a large amount of seed is to be gathered, place several baskets on a narrow sled drawn by a muzzled horse and work between the rows.

Hang up to dry every night all seed selected during the day. It will be injured if left in sacks or piles.

Where and How to Store.

Experience has also shown that the germinating power of seed corn is preserved by proper storage, and the following rules are given by the State Food Committee for the storing of corn this year:

Store seed corn in such a way as to give a good circulation of air about each ear. Do not let the ears freeze before they are thoroughly dry. Only corn selected early may be expected to dry before freezing.

Store the corn in the house attic, or in an unused second story room if the ventilation is good. Cellars in which there is a heating plant will do if no attic or second story room is available. In hanging corn to dry, use the corn tree, or the double or single string method. Cheap corn hangers may be made also from electric welded wire fencing, or by nailing a chicken wire netting on laths over both sides of two-by-fours.

In using the electric welded wire fencing, cut in strips, leaving a vertical wire with protruding branches. Bend the tip of the vertical wire into a hook to hang to the nail and stick the ears of corn on the branches.

If chicken wire netting is used, place the ears of corn through the meshes; if laths on two-by-fours are used, lay the ears across the lath supports.

Members of a farmers' club or neighbors may co-operate advantageously in buying wire for hangers or drying frames.

SEED CORN TIME— SEPT. 10-20

UNCLE SAM APPROVES

RUSSIANS CHECK TEUTON CAVALRY

Fighting Rear Guard Actions in Riga Region.

DESTROY SEVERAL VILLAGES

Retiring Slave Set Fire to Settlements for Purpose of Handicapping Pursuit—Austrians and Italians Are Battling Desperately for Possession of Monte San Gabriele.

London, Sept. 8.—German pursuit of the retreating Russians in the Riga sector apparently has been checked.

Teutonic cavalry has been engaged with Russian rear guards at Zegebold, forty miles east of Riga, but, according to Petrograd dispatches, has made little headway.

Around Friedrichstadt, about fifty miles southwest of Riga on the Dvina river, the Russians have set fire to several villages as they continue their retirement.

Zeppelins and submarines have been used by the Germans to further their advance.

Points on the coast between Riga and Pernau were shelled by three submarines. One woman and one child were killed.

A Russian transport boat off an attack by a Teutonic diver. The main Russian fleet, it is reported from Petrograd, although ready to engage the Germans, has observed no hostile craft.

Pressing Home Their Attacks.

Heavy fighting for the possession of Monte San Gabriele and other important positions northeast of Gorizia still is in progress, but the Italians are pressing home their attacks despite desperate resistance.

On the Carso and in the region of the Hermada the Austrians have stopped their unsuccessful attacks, but the artillery battle rages incessantly, making the whole region an inferno. Only local infantry actions for the purpose of straightening out their lines have been carried out by the Italians.

There has been no infantry activity on a large scale on the Western front. North of Prezenberg in the Tyres region, the British have been compelled to withdraw from the positions occupied Thursday.

Around Lens the Canadians have been engaged in hard fighting with the Germans. On a part of the sector west of Lens German counter attacks resulted in gains, but on the southern end of the sector the Canadians held and extended their positions. The Canadian front here now is a serious menace to the German positions along the Souchez river.

TEACHER MAY LOSE PLACE

Buffalo Suffragette Arrested for Picketing White House.

Buffalo, N. Y., Sept. 8.—Miss Margaret Fotheringham, arrested with other suffragists for picketing in front of the White House, will be dismissed as a teacher of domestic science in the Buffalo public schools if Dr. Henry P. Emerson, superintendent of education, has his way. "It is no credit to the city to have on its payroll a teacher who persists in insulting the president of the United States," he said.

Kills Bride and Himself.

Chicago, Sept. 8.—William Haake, a painter, twenty-four years old, who was to have reported with other drafted men at the Rockford camp, could not bear to leave his bride. Both were found dead in a gas filled room.

GIVES SUFFRAGE ISSUE AS CAUSE

Dudley F. Malone Resigns as Customs Collector.

MADE PROMISES TO WOMEN

Letter to President Wilson Protests Against Chief Executive's Failure to Advocate Passage of Federal Suffrage Amendment and Also Objects to Imprisonment of Suffragists.

Washington, Sept. 8.—Dudley Field Malone, customs collector at New York, tendered his resignation to President Wilson in protest against the failure of the president to advocate passage of the federal suffrage amendment and because he permitted the imprisonment of women who have been picketing the White House.

Mr. Malone, who as counsel defended the first of the militants arraigned in police court here, told the president in his letter of resignation that, since he had promised the women of the suffrage states that he would exert all his energy to have the national Democratic administration endorse suffrage by constitutional amendment, he felt obliged to resign and devote himself to redeeming his promise.

In his letter to President Wilson, Mr. Malone recites the campaign and his work in the West. He says that he pledged his efforts with the administration to secure the ballot, "but that the present policy of the administration in permitting splendid American women to be sent to jail in Washington, not for carrying offensive banners, nor for picketing, but on the technical charge of obstructing traffic, is a denial even of their constitutional rights to petition for and demand the passage of the federal suffrage amendment."

He adds that in view of this he must keep his promise to the women of the West.

The difficulties of women to obtain the ballot in several states and that they can only be enfranchised by federal action is pointed out by Mr. Malone.

COMMITTEE IN EACH STATE

Fuel Director Outlines Plan to Insure Supply.

Washington, Sept. 8.—To assure every part of the country an adequate supply of coal this winter the fuel administration, it was announced, will name a committee in each state to assist in apportioning the output.

Dr. H. A. Garfield, fuel administrator, in making public the plan, amplified at the same time his proposal to control retail prices through local committees.

The state representatives of the fuel administration will appoint in each county and in each city of more than 2,500 inhabitants a committee to suggest fair retail prices.

SCHEIDEMAN TALKS PEACE

Asserts German People Are in Favor of Conciliation.

Amsterdam, Sept. 8.—The overwhelming majority of the German people are for peace by conciliation, according to an article by Philipp Scheideman, published in the Vorwaerts. The article urges the imperial chancellor to discredit the present pan-German maneuvers for "a Hindenburg peace."

The Socialist leader says no one in Germany wants peace at any price, but that those who live with the people know the real feelings of the army and navy.

Stomach Troubles Since Childhood PERUNA Made Me Well

I Now
Enjoy
The Best
of
Health

Mr. Wm. W. Everly, 3225 North Hancock Street, Philadelphia, Pa., writes:
"I have been troubled with stomach disorders since childhood, but after taking six bottles of your Peruna, I now enjoy the best of health. I also had catarrh in the head, which practically has disappeared, thanks to the Peruna Co. for their good work."
Those who object to liquid medicines can procure Peruna Tablets.

Do Something Better Than the Other Fellow---

and ADVERTISE

Advertising cannot accomplish the impossible any more than barren ground can yield rich crop.

But how advertising does make things hum when the product and proposition are right, the men and methods above board, when there's an honest purpose and earnest effort from bundle boy to general manager to serve efficiency, to deal honestly, to sell good goods, to price fairly.

Oil up the machinery of your business, imbue your organization with the spirit of true service, make your business worthy of the good will, the confidence, the patronage of the people.

In this fertile field then sow the seed of advertising and it will bring forth abundant crops in increased business and augmented prestige.

Your store news in the Dispatch will be read in practically every home in Brainerd and vicinity every evening.

We Lose Money--You Lose Money

If You Don't Advertise in the Dispatch
